

# It's all good. What people are saying about **StressLess!**

This is an amazing product! Munson is a big spooker but on StressLess I have noticed a huge difference!

### **Rick Wallace**

*Upper Level Event Rider  
Owner-Manager of Team Wallace*

StressLess is great ammunition to battle the most stressful situations. My horses have benefited immensely!

### **Elisa Wallace**

*4 Star Event Rider  
Alternate for the 2016 Rio Olympics*

Since I have started using StressLess on my horses I have found a huge difference in them... so much more relaxed and happier.

### **Oliver McCarthy**

*International Grand Prix  
Jumper Rider*

I've seen horses that use StressLess for focus and calmness... the transformation is nothing short of miraculous. It is an extraordinary product.

### **Mary Ellen DeRuschi**

*Fox Hunter  
Competitive Show Jumper*

My horses are much happier and relaxed since I began using StressLess. I highly recommend StressLess to everyone - you will be so impressed!

### **Marta Renilla**

*International Grand Prix Dressage Rider  
Rides for Spain in the Nations Cup*

I want to feel safe on my horse... every once in a while he has quite a big spook and buck. Since on StressLess, he is pleasant and less over reactive.

### **Mary Gleason**

*Gold Medal Adult Amateur  
Grand Prix Dressage Rider*

“StressLess is amazing & has helped my horses at Dresden Manor Farm. TopHorse Gangster CHS has jumped clean in every 7 year old class since we started using it... allows me to keep his body fresh to jump but helps his mind to stay quiet for the ride ability on course.”

**Kris Killam** Owner of Dresden Manor, Rider & Trainer for Helene Jones of Top Horses LLC

# StressLess Horse Supplement is Tested and Proven to be Show Safe Across the Board

LGC Science has unrivaled expertise in the equine testing services. Internationally, LGC has successfully performed drug testing for the 2012 and 2016 Olympic and Paralympic Games. LGC's Lexington facility tests high profile events such as the Kentucky Derby and Breeders Cup.

LGC has built its reputation on the horse racing industry and in addition assists other regulatory bodies including but not limited to show jumping, dressage and harness racing. LGC has extraordinarily high internal standards and quality assurance for every test they carry out. StressLess is a show safe supplement and to prove it does not test positive for banned substances, we submitted our own horse's blood

and urine to LGC Science for testing. Our horse, Mr. Nibbles, has been on StressLess practically since its inception: he has been taking this supplement for over two years now, at three scoops per day.

Thank you LGC Science for helping us with this project. With your expertise and knowledge you have proven to us why you and your company are leaders in the field of equine testing.

Betty Ledyard, US Distributor of StressLess says, "The results speak for themselves as of these test dates. Please check with your breed and discipline association for regulations."
